

Michaelmas Weekend Workshops in Mangawhai

IAN TROUSDELL

CHRISTINE MOGINIE AND PAULINE MANN

Perceiving the Inner Life of Nature:: Flowforms and Water Rhythms:
Ethereic Dynamisation:: Biodynamic Preparations BD500 Stir :

SATURDAY & SUNDAY 28TH AND 29TH SEPTEMBER
9.30AM - 4.30PM BOTH DAYS

Reality is far more than our physical world. Everything has its own energy, expressive soul life, and unique being. We can learn to develop capacities to perceive these non physical realms that permeate the physical world in order to understand and work with these more consciously.

Please bring lunch to share both days, visual diary,

\$195 for the weekend or \$100 per day

Ian Trousdell has led spiritual Science seminars in Europe, China, and NZ, based on fifty years of meditation and research practice, teaching from direct personal experience.

Over the weekend we will learn how to find our way into the inner life of Nature with a special focus on water, building capacities to perceive the non physical realms that permeate the physical world.

on Sunday we will use what we learnt on Saturday, while experiencing the special Flowform Figure 8 rhythmical flow, and the Biodynamic preparations.

After lunch we will dig up the BD500 Cow horns and Stir the BD 500 preparation with Pauline Mann and Christine Moginie

Ian is available on Monday for private individual 45 minute consultations for \$140 applying his spiritual science capacities to work with you and your higher self to answer the questions you bring.
